LIMESTONE TROUT CLUB

Established 1957

A members only fly fishing club on 80+ scenic acres with three deep limestone quarries and three ponds full of trout.

DID WE MENTION BIG TROUT

LTC offers the absolute BEST Stillwater fly fishing in the Northeast! Whether casting a line from the banks of one of six limestone quarries, or enjoying the solitude of fishing out of one of our rowboats (no waders or float tubes) you are sure to enjoy a great time on the water. Our members range from novice to expert. Our fishery consists of Brook, Brown, Rainbow, Tiger and Golden trout.....big healthy trout! If you want to explore stream fishing, the Blackberry, Farmington & Housatonic rivers are a short drive away.

OUR MEMBERS

LTC members are a friendly and welcoming group of people. We average less than 6 anglers per day and oftentimes you will be fishing in total solitude. Members can invite their spouse or guest along to fish or maybe they just want to take a nice walk, find a cozy spot to sit and read a book or just plain relax. The clubhouse overlooks one of our

beautiful quarries (Birch) and features a kitchen, bathroom, refrigerator with beverages and a lovely sitting area by the gas-fired stove. Members can also enjoy a cold one or cup of coffee with lunch while sitting out on the covered deck. Located on the ground level of the Clubhouse is our fish cleaning station for those who wish to harvest a fish or two. Scattered around the property are picnic tables, benches, grilles and fire pits to further enhance your experience. We also have a pavilion for hosting larger events.

GREAT LOCATION...

The setting is unsurpassed. With beautiful ponds on 80+ acres of woods and fields, you are taken back to nature where you can relax with friends and family and enjoy great fishing, hiking, picnics, or just birdwatching in Nature's best.
